

American KuneKune Pig Society

Piglet Registration

Note: A litter notification must be filed prior to completing a piglet registration. Both parents must be AKKPS registered as well. If both parents are not AKKPS registered yet, please use the dual registration form to register the sire and dam with the AKKPS. Both the Litter Notification and Dual Registration forms can be found on our website.

USA Member Fee - \$12

USA Non-Member Fee - \$24

Your Instructions – Not needed to mail this page back.

Please include a check (**made payable to the Competitive Advantage Business Solutions, LLC**) that corresponds with the registration fee(s) and send to:

Kathy Petersen, Registrar
17500 Hamilton Arms Court
Dewitt, VA 23840

**Disclosure - please note that completing this piglet registration confirms your permission and authorization that our Registrar, Kathy Petersen, may update names to your DNA records for renaming purposes when the parent comes back different than the litter notification.

Example: You litter notify a sire as an Andrew and DNA results show he is a Mahia Love. Therefore, his name given on the litter notification will need to be updated. You will get a new report from UC Davis once this change has been done and no further steps are necessary on your part.
