

DNA 101

By Kathy Petersen

We are having a few issues when you are submitting DNA and then sending it in to have your piglets registered. I have had to reject a few for corrections. Therefore, I would like to explain what is required on the UC Davis DNA report.

1. We must have both father and mother of the piglet identified in the results portion of the report. That looks like the example below.

PARENTAGE ANALYSIS

VKK Boris 8 AKKPS 1706 qualifies as an offspring of VKK Wilsons Gina 2 - Betsy AKKPS 0263 and GS Boris 1 AKKPS 0414.

2. The registered name must match what you are given in your litter notification email. The registered name consist of the herd prefix of the breeder + the bloodline of the piglet + the number that the breeder has produced of that line. See example of a registered name on the DNA form.

Name: **VKK BORIS 8**

DOB: **02/18/2015** *Sex:* **Male** *Breed:* **Kune Kune** *Alt. ID.*

3. The AKKPS number that you are given in the litter notification email is the AKKPS # that animal is being given. See example below.

Reg: **AKKPS 1706**

Here is how you should enter the DNA request into VGL – UC Davis

University of California, Davis [US] | https://www.vgl.ucdavis.edu/myvgl/piglitorder.html

Pig Parentage Verification Form

Instructions

1. **SAVE** after filling the animal information
2. **PRINT** the submission form pages at the end of the **checkout** process (the submission form is your kit)
3. **MAIL** the submission form and samples with payment (unless prepaid online). **If time is of the essence we strongly recommend sending the sample via FedEx, UPS or DHL**
4. **If dam, sire or both not previously DNA Typed for parent verification, use the New Sire / New Dam button to save parent info**
5. If dam or sire previously DNA Typed for parent verification, provide VGL case number of dam and/or sire where indicated

Price: \$40 per pig or piglet. Each new Sire or Dam is \$40.

Date of Birth: Month: August (08) Day: 31 Year: 2015
 Breed: Kunekune

RESULTS - Official test report sent via email attachment serves as your printable hard copy.
